Domino's Pizza Announces Same Store Sales Results for 2004

Ann Arbor, Michigan, January 18, 2005: Domino's Pizza, Inc. (NYSE: DPZ), the recognized world leader in pizza delivery, today announced same store sales results for the fourth quarter and fiscal 2004, each ended January 2, 2005.

The Company will announce its complete 2004 financial results on February 22, 2005, via an earnings press release and conference call. The Company expects to file its annual report on Form 10-K on March 29, 2005.

***Same Stores Sales Growth (Estimated)
 (versus the prior year)***

	Fourth Quarter 2004	Fiscal 2004
Domestic Company-owned stores	-2.0%	+0.1%
Domestic franchise stores	—	+2.1%
Total Domestic Stores	-0.2%	+1.8%
International stores:		
Constant dollar	+5.9%	+5.9%
Historical dollar	+10.8%	+11.5%

David A. Brandon, Chairman and CEO, said, “Our 2004 same store sales performance was consistent with the results we have achieved over the past several years. We strive for steady, positive growth, and plan our domestic promotional events and advertising schedules to eliminate as much sales volatility as possible. Our fourth quarter sales results are a perfect example of this strategy. We were facing a very tough comparison based on the unusually strong sales of our Philly Cheese Steak pizza introduction during the fourth quarter of 2003. Knowing this would be a challenging comparison, we chose to aggressively advertise and promote our new Doublemelt pizza; and it did a remarkable job of achieving similar results to those of our record-breaking Philly Cheese Steak product last year.”

Brandon added: “Our world-wide same store sales results continue to benefit from the consistent and powerful performance of our international business – as we report its 44th consecutive quarter of same store sales growth. This further demonstrates the tremendous growth potential of our business in numerous international markets around the world.”

Their commitment to operating great stores and providing our customers excellent value, quality and service — in combination with our strong brand message and product development capabilities —is what makes Domino’s Pizza the world’s largest and best pizza delivery company.”
